

Chief of Data, Research, Assessment, and Accountability **Pittsburgh, Public Schools, Pittsburgh, Pa.**

Description

The Chief of Data, Research, Assessment, and Accountability will be responsible for providing data and information to the Superintendent and his Executive Cabinet that supports the selection, implementation, validation, and analysis of appropriate measures for the assessment of student achievement and other student outcomes. The position will include responsibility for reviewing and providing the data to support the design, implementation, and reporting on evaluations of educational programs operating in the district. The Chief will provide research insights and data input that supports the design, implementation, and analysis of internal accountability measures to be used to assess school and central office performance. This individual will report directly to the Superintendent, and will work collaboratively with the Deputy Superintendent, Executive Directors, Curriculum Supervisors, and other administrative staff in providing the information, data and research insights that support the development of programs for student achievement.

Requirements

Candidate must be committed to continuous improvement with the fundamental goal of advancing student achievement in an urban public school district. In addition, we are seeking candidates with the following educational and experiential requirements and knowledge, skills, and abilities:

* Advanced degree in Applied Statistics, Educational Assessment, or related field required; combination of relevant educational background and work experience may be considered.

* Principal K-12 certification preferred; Superintendent's Letter of Eligibility preferred.

* Familiarity with curricular frameworks, PA standards, curriculum materials, pedagogy and assessments for PreK-12 core content areas.

* Deep knowledge and professional experience with quantitative, qualitative, and mixed methods statistical data mining, research and best practices software, as well as local, state, and federal education policies and requirements

* Ability to effectively work with and communicate to a diverse set of internal and external stakeholders for a variety of purposes, including cross-functional teams representing multiple Central Office departments responsible for school effectiveness and student performance.

* Demonstrated use of internal and external data to guide, define, evaluate, and make informed decisions related to assessments and programming.

* Demonstrated knowledge and skills in leadership, organization, supervision and building staff capacity.

* Ability to plan, lead, prioritize and delegate projects and initiatives to accomplish district academic goals. - Strategic and analytic skills with a problem-solving mindset.

* Excellent oral, written, and interpersonal communication skills. - Knowledge of and experience in urban environments and the diverse cultures and backgrounds represented by the District's population.

* Technology skills including utilizing Microsoft Office and other relevant software to perform work activities.
